At Fairview, Kentucky,
Tiny Town Rimmed
With Forests.

GENERAL YOUNG
OF LOUISVILLE,

Orator of Day Suggested
That Every South-
ern State

Should Raise a Shaft to
Perpetuate Name of
Leader.

Fairview, Ky., June 3.—Among the trees which have grown up about the birth place of Jefferson Davis since the year, early in the nineteenth century, when the Davis family removed to Mississippi, the Jefferson Davis Memorial park was simply dedicated today. Northeast across the state is Hodgenville, near which Abraham Lincoln was born eight months after his great opponent.

Fairview is still a tiny town, rimmed with forests and sleeping gently in the grass grown battlefield of Tennessee. In September, 1907, when the gray grown and emulated ranks of the famous "Orphan brigade" met in Glasgow, Ky., at the grave of General Joseph H. Lewis, their commander, former Governor Bolivar Buckner, of Kentucky, broached the plan of the Jefferson Davis Memorial association. Subscriptions were started the women of the south aiding nobly, and when all but \$1,000 had been raised to purchase seventeen acres at Fairview, General Bennett H. Young, commanding the Kentucky division, United Confederate Veterans, advanced that sum and made the memorial possible.

Oratory, music and flowers made today a treat. General Young, a prominent Louisville lawyer, made the chief address of the day. He asserted that every southern state should raise a shaft to Jefferson Davis, whose character and sufferings he dwelt upon sympathetically.

Norfolk, Va., June 3.—Today the 100th anniversary of the birth of Jefferson Davis was fittingly observed in Norfolk, Portsmouth and other Virginia cities by the presentation of "titles of honor" to surviving confederates with an invocation including the presentation of similar honors to widows and descendants of confederate soldiers.

Telephone operators who hear profanity may give evidence and their testimony shall be prima facie proof of violations. The passage of the ordinance was instigated by the telephone companies.

McGinnis, June 3.—Deponent over the downfall of his only child and half crazed by the notoriety she achieved through her husband, Dell Quinn recently sentenced to life imprisonment for murder in the first degree, F. V. Board, an Amherst homesteader, fatally slashed his throat with a razor.

His body was found in his cabin. He is reported to be wealthy. Last winter Beard's son-in-law, believing that his wife was unfaithful and lover of Louis Tobolski, an Amherst bartender, killed the latter in cold blood. Before he was arrested, Mrs. Quinn was arraigned on a serious criminal charge.

This date was fixed today after Oliver Spitzer, the former superintendent and the checkers had pleaded not guilty in the United States circuit court. The cases are the result of investigations by the customs inspectors which, it is alleged disclosed that springs had been used to manipulate the scales in weighing sugar.

**CITY FIGURERS
IN CONVENTION.**

Chicago, June 3.—A story of ill-treatment at the hands of the police so worked up the feelings of a jury in Judge Clifford's court yesterday, that it acquitted Max Kaplan, of a burglary charge, even after he had confessed to the crime and his attorney had offered to allow his client to plead guilty and submit to a sentence of a year in the house of correction.

Chief among the injustices heaped upon Kaplan at the Harrison street station, where he was confined, was the "cold water cure" according to his story. He claimed that for five days he was prevented from sleeping by policemen who, at intervals of an hour, threw buckets of water over him in his cell. He also charged that he was beaten with "black Jacks" and that officers knocked out several of his teeth by this method.

After five days of such treatment, he testified, he was taken before Assistant Chief Schuetzler. Several officers were in the room and fearing further brutality he stated that he made a signed confession.

**PENNANT RAISED
FOR THIRD TIME.**

Chicago, June 3.—For the third consecutive season the pennant emblematic of the National league baseball championship was raised at the West Side ball grounds today.

The world's championship emblem will be at the medium of a second ceremony later in the season.

**DEVOURED HOURS
TO COMPARISONS.**

San Francisco, June 3.—Attorneys in the trial of Patrick Cathleen devoted the early hours of today's session to the comparison of several hundred reports alleged to be copies of documents stolen from the office of W. J. Burns, agent of the district attorney.

Prosecutor Henri indicated that his presentation of this documentary evidence was almost complete. Through W. H. Russell, one of Burns' assistants, he produced a number of papers alleged to have been original reports and an agreement was reached whereby the papers seized during the raid upon the United Railway company's offices would be compared with the copies.

The absence of additional witnesses summoned by the prosecution indicates that the case of the state is nearing its end.

Hundred Injured Under
Treatment in City
Hospitals.

Philadelphia, June 3.—Mayor Reyburn said this afternoon that developments are expected that may end the strike at any minute.

It is believed arbitration is in sight as Senator McNichol, the republican leader of this city has taken an active part in the consultations between city officials and representatives of the transit company and it is believed that the political heads are fearful that cause will be injured by a prolonged strike.

All saloons in the city have been ordered closed at 6 o'clock tonight.

Philadelphia, Pa., June 3.—At 10 o'clock this morning the elevated and subway system of the Philadelphia Rapid Transit Company which has been a bulwark of strength for the company since the strike began, became tied up by a partial strike of its employees. The trouble started when a west bound train reached the 46th street station. Here the crew deserted and the train was run to the 49th street terminal by men sent out from that point. Subsequently other crews deserted their trains at 46th street terminal.

The company gave out a statement that at 3 a. m., today it was operating 698 cars and at 9 a. m., 716, two hundred more than at the same hour yesterday.

A serious disturbance occurred during the morning at Northeast Philadelphia the scene of last night's riots, when a crowd attacked two trolley cars which were manned by imported workmen. The windows in the cars were broken, the car crews were seriously beaten and many persons in the crowd were hurt by flying bricks. Several arrests were made.

As a result of the disturbance in Kensington last night Lieut. of Police Sykes, commandant of the police in the district was suspended from duty this morning and will be tried on a charge of failing to lead his men against the rioters.

Sykes, it is said, did not leave the station house during the rioting.

All of the injured in last night's serious rioting will recover. About one hundred men are under treatment in hospitals and the station houses are filled with persons arrested for rioting.

Four hundred additional sub-patrolmen were sworn in today.

While there was much disorder today in the districts that developed the rioting last night, the business section of the city was quiet until the noon hour. Then the streets filled with men and boys employed by business houses and there were several disturbances that bordered on riot.

One block from the postoffice a crowd surrounded a car, dragged the motorman and conductor off and beat them, and for a while the air was filled with bricks. The windows and show cases of a drug store were destroyed by the flying missiles. Women passengers in the car crouched terror stricken on the floor while the car windows were being smashed and policeman McDermott was hit on the head by a brick and seriously hurt. On a riot call a patrol wagon filled with policemen scattered the crowd and made several arrests.

After 1 o'clock things quieted down. Director of Public Safety Clay says the police have the situation fully in hand and that the mayor has declared that order must be maintained at all hazards.

At noon subway and elevated trains are running twenty minutes apart. The usual headway is four to five minutes. The service is expected to improve later in the day.

Benjamin Rice, the first motorman to abandon his train, said that his wife found a note on the porch of his little home in West Philadelphia this morning stating:

"If you go to work we will blow up your house."

This unnerved him and he felt he must quit. When he abandoned his crowded train the passengers sent up a loud cheer, and this influenced the rest of the crew to follow suit and thus in turn caused many more crews to stop work and few trains are being run.

The city authorities ordered that saloons in the northeast section where last night's rioting occurred, be closed at 6 o'clock tonight. It is not likely the company will attempt to run cars after dark tonight as it is feared last night's rioting will be repeated.

Washington, D. C., June 3.—Members of the Catholic order which guards St. Clare's Academy of Mount Hope, and with themselves today in fighting a fire which threatened to destroy the main building of the academy. The pupils marched from their school rooms in good order at the sound of the alarm.

**FILES PETITION

Pittsburgh, June 3.—Upon a petition of Harry K. Thaw, filed in the United States district court before Judge Young today, Thaw was granted leave to file a petition for discharge from bankruptcy without being present for examination before the referee. Thaw filed the bankruptcy petition August 1, 1908, and an attempt was made to bring him here from the insane asylum at New Haven, N. Y., for the purpose of appearing before his creditors.

**HORSEMAN DIES
IN COUNTY HOUSE.**

Lansing, Mich., June 3.—Charles Burch, a horseman known throughout the state and once reported to be worth \$60,000, is dead at the poor house. Organic heart trouble was the cause of death. He was sixty-three years old. Burch made his money in dealing in and driving racing horses and lost it in the same way. It is thought that he has children residing in Detroit, but nothing is known definitely regarding any relatives.

**MIGHT AS WELL

Cleveland, June 3.—Just before marriage, the couple held to consider peace terms to settle the eight year war waged by the city administration to obtain three cent fare, President Andrew of the Cleveland Railway Company, said:

"It's no use. We might as well quit right here. We cannot further consider peace terms along the lines laid down by the mayor."

The final break in the negotiations came as a result of the mayor's insistence that a re-evaluation of the street railway properties must be made upon which to base the six per cent guarantee to the stockholders. The mayor refused to accept the valuation made by experts last year.

Chicago, June 3.—The coroner's inquiry into the death of Dr. John T. Binkley, Sr., of Evansville, Ind., who was found dead in a local hotel last night, was continued today until June 16, after Coroner Physician Reinhardt had made a postmortem examination of the body and discovered what he declared to be evidence in support of the theory that the aged physician did not commit suicide.

According to Deputy Coroner Kennedy, who opened the inquest, Dr. Reinhardt found that Dr. Binkley's left hand was crippled with rheumatism and expressed the opinion that it would have been difficult for the doctor to have shot himself in the left cheek.

According to dispatches from Evansville, Ind., the dead physician's revolver had been found in his residence in that city. The discovery of the weapon was made today by a detective.

"It you go to work we will blow up your house."

This unnerved him and he felt he must quit. When he abandoned his crowded train the passengers sent up a loud cheer, and this influenced the rest of the crew to follow suit and thus in turn caused many more crews to stop work and few trains are being run.

HEADLESS HORSEMAN

TRIAL OF FRANK RODGERS BEGAN THURSDAY MORNING

Defendant is Accused of Murder in the Second Degree.

SPECIAL VENIRE WAS NECESSARY

To Secure Twelve Men Who Had Formed No Opinion of Case.

THE JURY.

Al. Winegardner, Auglaize township.
Alfred Romeo, Beavercreek.
W. H. Leathernan, Harrod.
E. M. Steiner, Elida.
E. B. Burns, Beavercreek.
Casper Goebel, Monroe township.
Richard Teegarden, Sugar Creek township.
John Klauer, Sr., Lima.
J. E. Lathem, Lima.
Clay Harnett, Monroe township.
Charles Hock, Spencerville.
Hamilton Marshall, Lima.

With the opening of common pleas court Thursday morning, the trial of the case of the State of Ohio against Frank Rodgers, charged with murder in the second degree, in connection with the death of Daniel W. Williams, was begun before Judge King. The defense is represented by Copeland & Rogers of this city, and Mauser & Mauser and Malone, of Marion, O.

The venue drawn for the case was extricated in endeavoring to secure a jury of twelve men, who had formed no opinion of the case, and the court was compelled to make a special venire, and in the afternoon session, the actual trial of the case was begun.

It was on Saturday evening, March 26th, about 6 o'clock when Daniel Williams was found dying at the corner of West and Spring streets, with an ugly knife wound in the lower left side of his neck. The following account of the affair appeared in the issue of the Times-Democrat, Monday, March 22nd:

Another chapter in the history of this city in which liquor played a prominent role was enacted Saturday evening at 6 o'clock, when Daniel W. Williams, of Belle Center, O., was cruelly murdered by a companion at the corner of West and Spring streets, when he received a whisky directed knife thrust in the neck which caused almost instant death.

Following the arrest of Rodgers, Prosecuting Attorney Weitz and Coroner Pfeiffer went to the police station and the prisoner was questioned. He stated that he came to Lima with Williams, and that they went to get a drink immediately after leaving the car in the public square. Later they went to the California Wine Co. and purchased two quarts of whiskey each, placing them in a covered basket and requested the proprietor to mail Rodgers on one of the packages. Later they called for the basket and purchased a pint flask of whiskey each. They were identified as the bottles found upon the person of the murdered man and upon Rodgers. However, the contents of the flasks had not been disturbed, and Rodgers declares that he cannot remember anything about what happened, after they left the wine company store the second time, but he did remember that they were drinking.

Clerks in the Piper grocery store saw the men wrangling in front of the store after the time Agent Berry ejected them from the interurban station, and others saw them start south on Elizabeth street toward Spring. Mr. J. F. Horner left the store to go home for supper as the men went south on Elizabeth street, and it was as he walked south on West street that he saw the murder committed at the corner of West and Spring streets.

In an interview yesterday afternoon Rodgers stated that his mind was a blank, from the time he and Williams got their packages of whisky and started for the interurban station. He stated that he has known Williams for about a year and that they were good friends having worked together for the past month for Andrew Dodds. He also claimed that they had never had any trouble, but admits that they had taken a great many drinks during the day, Saturday. When shown the knife which was found near the scene of the murder, he stated that he always carried a knife like it, but did not remember of having it in his hand Saturday.

Every indication points to a case of "too much booze" and a drunk quarrel as result. The prisoner does not appear to be a vicious person, but one who has been accustomed to hard work, and further to imbibing freely in red liquor.

More than one hundred witness have been subpoenaed in the case, and it is anticipated that the trial will consume eight or ten days time. Present in the court room, are the aged mother of the defendant, a sister and uncle, as well as a large number of friends of the family from Marion county.

THATCHER CASE IS ATTRACTING

Great Interest from Legal

Lights All Over the Buckeye State.

COLUMBUS, O., June 3.—George Bassett, of Toledo, was placed on the witness stand by the defense in the Thatcher disbarment case today to show that Judge Morris showed by his attitude in hearing Thatcher's case that he was prejudiced, but Bassett could not say, he had not observed the Thatcher case closely enough to form a conclusion.

S. N. Young, of Toledo, who was associated in a personal injury case with Thatcher said that he heard the judge say once to Thatcher,

"Mr. Thatcher, you are not here to interfere with this court."

He could not give other words of the judge, but said that the judge manifested enough to show that he "had it in for Thatcher."

Judge Morris used caustic remarks toward Thatcher and addressed him in unfriendly voice.

O. S. Brumback, a Toledo attorney formerly in partnership with Thatcher,

said that on one occasion when he had reason to know that there were strained relations between Judge Morris and his partner he went to Judge Morris at the court house and asked him what the trouble was. Judge Morris flew into a

rage and the conference was abruptly ended. From that time on it seemed to him that the court was very unfriendly toward Thatcher.

SUBJECT OF LIGHTS

In Outlying Districts Will be Investigated.

The finance committee of Messrs. Collins, Jones and Dildine will have their hands full when they get around to the light petitions. This committee will take up every petition that has been laid on the table for the past two or three years and in addition those which have come in recently.

Of the latter there are large numbers, as many of the citizens residing on the outskirts of the city are anxious to have gas lights at street corners and alleyways. This committee will act as a high court of appeals and will decide the question as to whether the lights are needed or not.

LAID TO REST.

Wednesday afternoon the remains of Squire Mills, father of Walter S. Mills, formerly chief of police of this city, were laid to rest in the little church yard of the Amanda Baptist church. Rev. Robert Preston officiated at the service, which was attended by the entire neighborhood.

The deceased was a resident of this county from his early boyhood and was highly respected in the community in which he lived and in which he was an important factor for the advancement and especially for the educational uplift of the neighborhood. Interested in politics he was a strong advocate for the clean and graftless methods of government of the older days.

Five children are living, one son, George R., having died some years ago. A large number of grand-children are also perpetuating the name of the deceased.

was nothing doing, but in the ninth there was a little excitement, when Newham was hit with one out and Kaler batted for Smith and placed him on second with a single. Fink put a clean one to center and drew a throw out of McAllister in an attempt to go to second, while Newham scored, and Kaler was then retired at third.

The game was featured by the rank work of McDermitt as the official of play. His decisions were bad from all points of view and when it came to balls and strikes, he seemed to have on a pair of leather goggles, while several base decisions were too plain to be missed by anyone really in the game. It cannot be said that the locals received much the worst of it in this respect, and still one or two decisions changed the chances of the locals. We refrain as a rule from scoring an official, but enough is enough in this line, so let it rest with the fact that Mc. was rotten Wednesday, and hope he will have a clearer eye today.

The Shoemakers won yesterday's contest through good stick work and the error charged up to Lima was not costly, and neither were the two credited to the visitors of any consequence in the results. The game in detail:

First Inning—McKernan was hit by McAllister. McKernan was caught stealing third. Duffey hit safe to third and Spencer popped out to Fink. No runs.

Fink was retired on a grounded one, Collins to Spencer. Reilly flew out to Totman. Miller skied one to McAllister. No runs.

Second Inning—Totman popped out to Weller. Blake walked. Collins hit safe to left. Duran landed on Newham's error, filling the bases.

Piatt bunted to Pickett. Blake was retired at the plate and Piatt doubled out at first. No runs.

WEATHER—SHOWERS.

Washington, June 3.—Ohio: Showers tonight and Friday.

NOT ACCORDING TO PROMISE.

How those employees of the Big Four shop at Bellefontaine, who were told last fall how to vote, have wished since that the shop would "start full time and keep going" according to promise. But campaign pledges are easily made and often as easily forgotten. The shut-down of the Bellefontaine shops, the other day jogged the memory of these free and independent citizens of Bellefontaine who voted last fall as their best interests dictated.

ENTIRELY DIFFERENT.

There is a wide difference between Governor Harmon's method of dealing with the long troubled Athens hospital and the methods of four preceding republican administrations in dealing with the same state institution.

Each time under republican administration the Athens hospital was reorganized for sectional interests. Governor Harmon's reorganization was in the interest of the people regardless of party.

Quite a difference, isn't it? And in Governor Harmon's favor, too.

AFTER THE ELECTION.

One of the big manufacturing concerns at Columbus helped the cause of the g. o. n. last fall all it could with "conditional orders." It is still running on short time with a reduced force, in utter disregard of the g. o. n. promise to "start full time and keep going" and "Sunny Jim" Sherman's promise of "the greatest prosperity in the history of the country" within 60 days after the election, providing he and Taft were elected.

"What do you suppose has become of all those conditional orders?" asked one workingman of another the other day as they were talking these things over.

"They're keeping 'em, I s'pose, till the next presidential election to fool the boys with 'em again," was the ready reply.

Did you ever hear the like?

The Columbus Press-Post asks: "How long can the masses stand it with wages increasing at 18 percent annually and food and clothing increasing at 47.7 per cent without starvation or the poor house?"

When things run in that proportion the rich revel in prosperity and the poor raze among the husks.

ORDER ISSUED

FOR GENERAL STRIKE
OF MACHINISTS ON
B. & O.

Effective at Baltimore,
Cleveland, Philadelphia
and Wheeling.

**THOUGH LATTER
REFUSE TO OBEY.**

Piece Work System Cause
of Trouble Between
Men and Road.

Former Demand a Day of
Nine Hours and
Hourly Wage.

Baltimore, Md., June 3.—A strike of machinists in all the shops of the Baltimore and Ohio has been ordered to take effect at 2 o'clock today.

This action it was stated at the machinists' headquarters here today is the result of the introduction of the piece work system in the erecting department of Mt. Clare shops, which led to the strike of machinists there a few weeks ago and what the men claim was equivalent to a refusal of the company at the conference yesterday between Vice President Potter and their representative to reinstate the Mt. Clare men. About 850 men employed in the shops at some 13 or 14 points along the road will be affected.

For the present at least the strike is not expected to spread to the machinists' affiliated trades unions, the boilermakers and blacksmiths.

The chief points in the new schedule are provisions for a nine hour day and an hourly rate of wage which virtually means the abolition of piece work.

Important points having shops which the machinists say will be involved are Baltimore, Philadelphia, Wheeling, W. Va., and Cleveland, Ohio.

At the Baltimore and Ohio executive offices here today it was stated that the officers were fully prepared to cope with the situation at all points and that more than enough men had been sent to Cumberland to take the places of the machinists who went out there yesterday.

Wheeling, W. Va., June 3.—The general order of strike for Baltimore and Ohio Railroad machinists received here today will not be obeyed, it is said.

The local union last night voted against a strike.

Newark, O., June 3.—One hundred and thirty men in the Baltimore and Ohio shops obeyed the order to strike here today and walked out at 2 p. m. There was no demonstration.

Pittsburg, Pa., June 3.—A 2 p. m. the machinists employed at the Glenwood shops of the Baltimore and Ohio railroad gave notice that they intended to obey the strike order. They were immediately given five minutes to "clear out." There are 163 men employed and 90 struck. Of the thirteen remaining at work 11 are men who have been injured at some time while in the service of the railroad, and for this reason and on account of their age they did not desire to cancel a chance to get a pension in the near future.

The ninety strikers went to their lodges room for a meeting.

Cleveland, O., June 3.—The machinists and boilermakers employed by the Baltimore and Ohio railroad were all at work both here and at Lorain today, according to Superintendent Johnson of the latter company. Only a few men are employed in the Cleveland and Lorain shops and Mr. Johnson said if the men had been ordered to strike there was thus far no indications that they intended to go out.

ORPHUM THEATRE.

The Orphum has been playing to capacity houses this week. The entire show is fine. The act of "Destiny" cannot be comprehended without seeing it. The scenic and electrical effects are simply marvelous. Mr. and Mrs. Colby in their transfiguration and musical act do a beautiful piece of work. Eddie Pankhurst and Company in "The Cry Baby" put on the greatest laughers acts the Orphum ever had. Bell-CPhone is by far the best imitator ever seen in Lima. Don't miss this show for it's great.

MEN PAST FIFTY IN DANGER.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." ATHLETIC CARNIVAL

Was Success as Entertainment But Not as Financial Venture.

CONWAY TOOK COUNT IN SIXTH.

Ten Round Bout Ended in the Third When Wilson Went Down.

The athletic carnival held at the Auditorium Wednesday evening for the entertainment of the visiting Eagles, proved a success as an entertainment feature, but a failure from a financial standpoint.

The first bout between Jimmy Tully and Red Conway, scheduled for six rounds, was a pretty and fast contest, both men being in excellent form. After five rounds of fast work it appeared that the bout would go the limit, but in the sixth Tully forced the issue and Conway went down taking the count.

The main event between Gus Bezenah, of Cincinnati, and Kik Wilson, of Indianapolis, was called, and owing to the small attendance, the spectators added a \$50 contribution to the funds at hand.

The bout was a disappointment in one way, when Bezenah made a successful feint in the third round and landed on Wilson's stomach putting him against the rope.

THE THRILLING LION
Brought at The Royal Theatre Thursday and Friday Only.

One of the most interesting pictures ever presented to the Lima public is the Hunting Big Game in Africa. It will disclose the clever manner in which they entrap the lion, then rush forward a cage, and the jungle monarch is soon on his way to America to be exhibited in some menagerie. Next week I tracked, the hunter wounds and a most critical event takes place—the dispatching of the lion with the loss of life to several individuals. Another feature is a reproduction of the city of Moscow your cold. Sold by Red Cross Drug Store.

Summer coughs and colds are obstinate and difficult to cure. The most prompt method is to take something pleasant which will gently move the bowels; a good laxative cough syrup. Bee's Laxative Cough Syrup will surely and promptly cure you of your cold. Sold by Red Cross Drug Store.

HOME OF BILL

ALLEN WON NEXT CONVENTION OF THE EAGLES.

Chillicotheans Promise All Sorts of Good Things to Brethren.

OLD CAPITOL WILL ENDEAVOR

To Entertain Visitors Even Beyond Former Conventions.

Election Passed Off Smoothly With Little Competition for Office.

OFFICERS ELECTED.

E. A. Hanner, Toledo, State President.

Joseph H. Dowling, Dayton, State Vice President.

Daniel R. S. Sullivan, Columbus, State Secretary.

Henry Hoerner, Cincinnati, State Treasurer.

Fred H. Meyer, Delaware, State Chaplain.

J. A. Tyler, Coshocton, State Conductor.

C. F. Eise, Galion, State Inside Guard.

John Murray, Belmont, State Outer Guard.

Andrew Grunelle, Bellaire, State Trustee.

Place of meeting, 1910, Chillicothe, O.

Hoyer Park will be the gathering place of Eagles, their wives, sweethearts, and friends tonight, and a special performance will be given by the Chappell-Winterhoff Stock Company in their honor, to which all visiting delegates and their accompanying friends will be free to them.

The park is unusually pretty at this season of the year and it is expected that unless one of the daily storms should gather and spoil the entertainment that this evening will be one of the pleasantest of the week.

The fact that every train brought additional visitors to the city makes the convention seem even more of a real live one than it did before. It is estimated that almost two thousand visitors are now registered at the hotels, boarding houses and with friends, and the fact that many of the latter are bringing with them their wives or daughters, makes the convention take on more of a social character. Everybody is talking of the big parade tomorrow, and they hope to start this promptly at ten o'clock.

The line will form at the market house and will take much the same route as that of the Mardi Gras parade on Tuesday night.

A number of delegations will bring bands with them, and it is expected that there will be at least a dozen musical organizations in the line of march while a conservative estimate places the number of Eagles at least two thousand.

A number of prizes have been offered, the list including the following:

For the largest delegation (hand included) from any one Ohio Aerie participating in parade, \$75; for second prize, \$25.

For finest appearing delegation, \$15; for second prize, \$25.

For the most uniquely costumed delegation participating in parade, \$50; for second prize, \$25.

For the best drilled marching club entering prize drill contest, \$35; for second prize, \$15.

For the tallest Eagle in the pa-

rade, 10 cents an inch.
For the shortest Eagle in the parade, 10 cents an inch.
For the heaviest Eagle in the parade, 10 cents a pound.
For the lightest Eagle in the parade, 10 cents a pound.

Those pronounced the winners of the various prizes will be given the same at the Memorial Hall at one o'clock in the afternoon and the unengaged business will also be disposed of at that time.

Hall games and a dance at Hoyer Park close the week's festivity and the visitors will leave Friday night and Saturday, taking with them, it is hoped, pleasant memories of their stay in Lima.

Election of Officers.

Thursday morning was a busy time at Memorial Hall as after all reports were in the nomination and election of officers to serve the Eagles for the coming year were in order.

Though early in the convention it was rumored that there would be several candidates for the presidential chair, all would-be candidates withdrew their names, and it took only a few minutes to nominate and elect Mr. E. A. Hanner, of Toledo, former vice president, to the supreme office.

Well liked by his associates and a representative of the best in the order the choice of Mr. Hanner was received with a deafening shout from every man in the building. This demonstration was only equaled when Mr. Dan R. S. Sullivan, of Columbus, for several years state secretary, and a man who cannot find any one to compete against him, was nominated and elected by acclamation.

The little private demonstration of the Columbus bunch at this point was both diverting and delightful.

They are proud of Mr. Sullivan and were only too glad to show it to the gratification of the brother delegates.

For the offices of vice president and of treasurer there were more than one candidate but the lesser offices were filled in natural sequence, each man advancing a step toward the highest chair. The trustee whose term expired this year, Mr. Drummel,

was also re-elected.

The session at one-thirty convened with the greatest point of interest being the choice of the place of meeting. The entire southern part of the state hung together solidly for Chillicothe, while various northern and northeastern points were loudly in favor of the good points of Sandusky and Cedar Point. After much discussion the former was chosen, and the Eagles will fly southward when next they reconvene.

STOCK MARKET

CHIEF FEATURE OF FURIOUS BUYING CENTERED

In Southern Pacific and Few Others of Harriman Issues.

SUDDEN UPWARD RUSH OF NEARLY

Six Points in That Stock Had Boosting Effect On Others.

Favorable Crop Report in Ohio Sends Wheat Down Some.

New York, June 3.—Furious buying of Southern Pacific railroad stock was the leading feature of a sudden revival of speculative animation in the stock market today. Interest was concentrated in a few prominent stocks, notably the Harriman Pacific and United States Steel. A sudden upward rush of nearly six points in Southern Pacific had an impressive effect on the whole market. It was unexplained by any news, but rumors of an intended increase in dividends figured in the gush induced by the spectacular movement.

United States Steel stock continued its remarkable advance and touched new high levels within a fraction of 60 points.

New York, June 3.—The opening dealings in stocks today were very active and a sprinkling of losses including some important stocks did not impair the strong appearance of the market.

Cleveland Produce.

Cleveland, O., June 3.—Butter—Firsts, 25@26c; seconds, 23@24c; prints, 28@28½c; process, 22@23c; fancy dairy, 21@21½c; fancy stock, 16@17c.

Cheese—York state cream, fancy, 14½@15c; choice, 13@13½c; do.

Ohio creams, 14@14½c; Swiss No. 1, 17@18c; No. 2, 14@15c; brick, 16@17c; Limburger, 15@17c.

The market closed buoyant and active. Prices came up with the development of some new points of strength after a fall. Amalgamated Copper was lifted 2½; American Smelting 2½ and Pennsylvania 1½. There were gains of 2½ to 3 in Canadian Pacific, American Smelting pfd., Bethlehem Steel, International Harvester pfd., U. S. Rubber first pfd., and Lake Erie and Western pfd. Southern Pacific closed at 130.

Ohio a Factor.

Chicago, June 3.—The Ohio crop report which showed an improvement of seven points in the condition of the wheat crop of that state during May, was one of the chief reasons for a weak market for wheat during early trading today. As a result of liberal trading by prominent holders, prices declined nearly one cent early in the day July, which opened ½ cent lower to ¼ higher at \$1.19 ½ to 2.20, declined to \$1.19

Despite favorable weather for the new crop the corn market was firm at the start owing to light receipts, shorts buying quite freely because of the small movement. July opened ¾@ ½ to ¾@ ½ higher at 72½ to 72½ and for a time held within the opening range.

Oats were inclined to be weak because of ideal weather conditions for the growing crop. Trade was slow at small volume early in the day. July opened a shade higher at 52½ and sold off to 52½@ 5%.

Provisions were strong on buying by shorts based on continued light receipts of live hogs at western packing centers and on advance of 5 to 10 in prices at the stock yards.

Veal calves, receipts 700 head; market dull at previous quotations.

In the Wical damage case, slow progress is being made, and it is doubtful if the case will reach the jury this evening.

The case of John Shick against Emmett E. Everett, is one for \$5,000 damages for an alleged assault. Several months ago Shick appeared in Justice Everett's court and became involved in an argument with the defendant over some money he claimed was due him on a suit pending in the Justice court. At the time it was claimed that Shick made an assault upon Everett and it was necessary for the defendant to call in the assistance of Doit Fisher, to protect himself. Attorney P. T. Phelan, of Toledo, represents Shick in the above case.

GAS EXPLOSION

Damages Hotel Plaza at Piqua.

A lighted match and escaping gas were the cause of an explosion in the Hotel Plaza just at noon yesterday. Considerable damage was done in the third floor of the building.

Throughout the morning the smell of escaping gas had been noticed in the south corridor in the third floor of the hotel. So strong did the gas smell that Engineer "Boss" Harrison was sent to discover the leak if possible. He had been at work about two hours testing the gas fixtures. After tightening one somewhat west of the middle corridor he struck a match to discover if there was any leak. Instantly the explosion followed. About thirty feet of plastering was ripped from the ceiling and dropped to the floor. Harrison was not hurt.

In addition to tearing off the plaster, the explosion blew out the glass in room No. 78, the door of which happened to be open and broke the glass in the window at the east end of the corridor. The only other damage was that done to the carpet by the broken plaster.

It is supposed that the gas had collected between the ceiling and the floor above and exploded when the match was lighted.

A still alarm was sent to the central fire station by Landlord George Tyler, but there was no alarm for the services of the Firemen.
